

14 August 1952

MEMORANDUM

TO: STC/SPB
FROM: Acting Chief, SR/Baltic
SUBJECT: Field Traces on Alfreds LAUNAGS and Arturs BROMBERGS

Per your request, this memorandum certifies that there were no field traces received on either subject, other than those from [] already shown to you by [] of this branch.

14 August 1952

MEMORANDUM

TO: STC/SPB Attn: []
FROM: Acting Chief, SR/Baltic
SUBJECT: Medical Reports on Alfreds LAUNAGS and Arturs BROMBERGS
REF: MURI 9578 (IN 27435)

1. Reference cable received from field has indicated that both subjects and their families are physically qualified for issuance of visitors' visas to the United States.

2. The only significant medical history was that of BROMBERGS, described as follows:

Obsolete and minimal pulmonary tuberculosis. (Subject is entirely asymptomatic at the present time, and restriction of activity is not recommended. A comparison of March 1950 and August 1952 x-rays shows no change, minimal fibrotic lesion with left apex.

3. Since the reception of these reports constitutes the final step by this office prior to issuance of covert security clearances for subjects and families, it is requested that such clearances be completed as soon as possible. For further information, please contact [] extension 2538, Room 2504 "J" building.
